PROJECTS

A Predication of KAP in hypothyroidism

May 2024

- Kap means Knowledge, Attitude and Practice studies are used in public health to understand the awareness, Perceptions and behaviours of individuals regarding a specific health condition.
- Used LSTM and BERT for natural language process and for data visualization used tableau.
- Predicting Kap in hypothyroidism involves assessing how well people know about their condition and their health practices related to its management.

Emoji Based Song Recommendation System

December 2023

- Uses emoji as inputs to suggest music tracks that match the mood, emotions or themes.
- Used Java as programming language and the tool is Eclipse to display the output.
- This innovative approach leverages the universal language of emojis to provide personalized music recommendations.
